

LOCAL COMMUNITY NEWSLETTERS

Advertising in local community newsletters is a great way to reach a wide range of people. Included in the list are newsletters run by community groups and newsletters produced by voluntary, community & social enterprise sector umbrella agencies. Also listed are a couple of newsletters that don't take ads, but we thought you'd like to know about their existence anyway! The tables below list the contact details and then information on advertising rates, distribution, target audience etc. If you know of a community newsletter that has not been listed, please let us know!

All information is correct at time of going to print. Prices etc may vary over time, so contact the newsletter direct for the most up to date information.
