# Tender Support scheme

Are you thinking about delivering contracts and wanting advice about how to prepare for tendering? Have you been unsuccessful with tenders you have previously submitted?

One day (eight hours) of consultancy is available to help prepare your organisation for contracting or prepare a good quality tender submission for public service contracts.

If you are a VCSE organisation; interested in tendering to deliver a service; new or inexperienced in tendering; willing to pay £50 towards the day's consultancy – then this is a great offer.

## **How much will it cost?**

It will cost you only £50 for consultancy support worth about £500, provided by phone, email or face to face. (Travel costs for face to face meetings with the consultant will be covered by your organisation).

## **How to apply**

There is a checklist and a short application form which can be downloaded from Voscur's website [www.voscur.org](http://www.voscur.org) or contact: [ruth@voscur.org](mailto:ruth@voscur.org) / 0117 909 9949 for more information.
