

2020: Funding your Future

2020 is a new project that will bring together charities and social enterprises from around the city to learn and grow together. We'll be providing free training, one-to-one advice and regular peer support workshops. Together these will enable you to improve your governance and impact measurement, produce a compelling business plan to generate surplus income and incorporate social loans into a more sustainable funding mix.

To join the 2020 network and stay up to date with project support and events, please enter your contact details below and we'll be in touch:
