

Creative job hunting for the insta generation

This course is run by an engaging tutor, packed full of useful information and tips for a more successful, interesting and creative job search. We will be encouraging lots of online presence and networking regularly. You will also have the opportunity to swap ideas with fellow job hunters, receive and give support to each other. Job hunting and the world of the work force is a challenge itself and always changing, this course will help you keep ahead of the game
