

Introduction

The Global Shapers Community is an initiative of the World Economic Forum (WEF) to connect young community leaders across the world, raise their voice and leverage their desire for change.

In its first year, the GS Bristol Hub seeks to deliver a social action project that aligns with the city's strategic priority; by increasing access to progression opportunities for disadvantaged young people at risk of street crime, as a viable and alternative pathway.

We are therefore looking to recruit a dedicated group of diverse young leaders (20-29 years old)¹ with the drive, skills and understanding of community to join our team. You do not need prior experience in the focus area to apply.

¹ This is a requirement from the WEF, yet if you are outside this age bracket and are interested please get in touch as we are looking for a diverse set of experience and skillset.

Benefits

- **Bring Your Ideas To Life** - Share your innovative ideas and work with a team of amazing people with extensive network locally, nationally and internationally, to bring it to life
- **Opportunity To Travel** - Attend the inspiring Global Shapers Community and the World Economic Forum (WEF) events and free training such as the [Climate Reality Project](#) (Al Gore's initiative).
- **Connect With The World** - Engage with over 8,200 Shapers and hundreds of experts and entrepreneurs from around the world, on specific topics of interest.
- **Build Your Networks in Bristol** - Meet people from a diverse range of cultures, faith and social backgrounds with a common goal to make Bristol and the world a better place.

Expectations

- **Attend Monthly Meetings** - The meetings are facilitated by a different Bristol Shaper every time to ensure that everyone contributes. Apologies will need to be sent in advance if you cannot make a meeting.
- **To Be Results Oriented** - To deliver on your ideas or actions within the agreed time and delivery standards. See examples of previous projects in the [Global Shapers Impact website](#).
- **To Represent GS Bristol Hub** - To actively participate in the upcoming GS Community and WEF events/activities on behalf of the team! This can take the form of discussion panellist, writing an article on the WEF's Agenda or contributing in plenary sessions.
- **To Host A Team Social Activity** - this can range from a dinner date to mountain biking or wild swimming. This is to help with the GS Bristol Hub team get to know each other outside of the project. You will be expected to host at least one activity.

Ideal candidate

- Ambitious and wants to be part of something that has meaning and impact
- Has previous experience in either leading or delivering a project
- Has good teamwork, organisation and communication (especially listening) skills
- Is strongly connected with at least one community/social group in Bristol
- Is passionate about social issues and wants to make Bristol a better place
