

ESOL CONVERSATION CLUBS

Volunteers needed

We're looking for people who speak English to help run English Conversation Clubs. The Clubs will be held in various locations across the city. They give people who don't speak English as a first language a change to practise speaking in a relaxed, fun setting

What will volunteers do?

You will run the club
Once a week for 1 hour

You will receive a full day's training, organise speaking games and activities

...as well as just being there to chat to learners so they can practice their English

Why get involved?

- Gain some useful voluntary experience
- Receive training and on-going support
- Meet new people from diverse backgrounds
- Help ESOL speakers become more confident in their daily lives

Why can volunteer?

Anyone who can speak good English—you don't need any teaching experience!

How to get involved
