

ARA is a registered charity formed in 1987, and has helped over 40,000 people with alcohol, drug, gambling and mental health issues. In 2012 ARA set up the Arc Café in partnership with St Mary Redcliffe Church, providing people in recovery with a wide range of education, training and employment opportunities. We have opened a new Café Called RWA on Queens Street and looking for volunteers.

This is an exciting opportunity for anyone who is in recovery (minimum 1 year) who would like to be part of a positive community project in Bristol.

Education, Training & Work opportunities will be provided.
